PROFESSIONAL SUMMARY

Web Developer skilled in building responsive web applications using React.js, JavaScript, and modern web technologies. Experience in UI development, performance optimization, and developing academic projects. Currently expanding knowledge in MERN stack development with backend integration using Node.js, Express.js, and MongoDB.

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript, React.js

Back-End: Node.js, Express.js

Frameworks: Bootstrap

Database: MongoDB

Tools: Git, GitHub, VS Code, Chrome DevTools

Soft Skills: Communication, Teamwork, Time Management, Adaptability

PROJECTS

1 . Fake Review Detection System — Python, NLP, DeBERTa, Flask

Developed an NLP-based fake review detection system using the DeBERTa model to classify fraudulent customer reviews with 92% prediction accuracy. Integrated the model with Flask for web-based prediction functionality.

2 .Interactive Front-End Web App — HTML, CSS, JavaScript, Bootstrap

Developed a responsive web application with interactive user interface components using HTML, CSS, JavaScript, and Bootstrap. Implemented mobile-friendly layouts and dynamic frontend functionality.

3 .Portfolio Website — HTML, CSS, JavaScript

Designed and developed a responsive personal portfolio website to showcase projects, technical skills, and contact information using modern UI design principles.

INTERNSHIP EXPERIENCE

Java Full Stack Development Intern — Acaders ,Bangalore 2025 - 2026

- Developed 5+ responsive front-end modules using HTML, CSS, and JavaScript
- Worked on UI development and responsive web design improvements
- Optimized frontend components and improved overall application performance

EDUCATION

B.E. in Computer Science Engineering 2022 - 2026

Shanmuganathan Engineering College,
Pudukkottai.
CGPA: 8.32/10

CERTIFICATIONS

- MERN Stack Development — Courserinn Academy
- Robotic Process Automation (RPA) — UiPath (Foundation)
- Java Full Stack Development — Acaders
